

**FORT BELKNAP ENVIRONMENTAL DEPARTMENT
AGENCY DUMP**

Site Name	Township	Latitude
Agency Dump	31N	48.47456
Site Address	Range	Longitude
RR 1 Box 66 Harlem, MT 59526	23E	108.78136
Land Ownership Status	Section	Location Method
Trust	6	GPS NAD83
Type of Site	Part of Section	Directions to Site
Landfill		Turn right from Tribal Office drive to airport strip, drive 1 ½ mile west on graded road, turn left by tan water tower. Site visible.
Site Size in Acres	Allotment Number	
10 3 unburied waste, 7 buried waste		
Property History		
Landfill was in operation from the 1970 and officially closed in the mid 1980's. Landfill received all types of waste. Landfill were a number of trenches that were dug and filled with waste and covered. Construction Debris, barrels, and other material were disposed of at site during later years. In 2003, Junk Vehicles were stockpiled at site temporarily, with vehicles overturned and oil stains on ground.		
Current Use		
Grazing land.		
Assessment Funded by:	EPA-Targeted Brownfields Assessment	
Assessment Completed by:	URS Corp (EPA Contractor)-Rebecca Laramie-Project Manager	
Phase I Date	Known / Potential Environmental Concerns	
9/1/2003	Methane, asbestos, migration of hazardous substances	
Phase II Date	Known Environmental Concerns/Recommendations	
4/1/2004	Soil Sample DEHP, chrysene, PCBs, DDE, DDT>RBCs	
Phase III Date	Corrective Actions/Cost and Re-use Options	
None	Recommendations: groundwater samples could not be obtained during sampling, installation of monitoring wells recommended. If site is not developed, access to site should be limited. This may include gates/signs restricting access for safety purposes.
